**BEATA HLAVENKOVA**  
**BETHLEHEM**

The pianist and composer Beata Hlavenková is a respected authority on the Czech musical scene. She has been known above all as a musical partner of the famous singer Lenka Dusilová – in the Baromantika and Eternal Seekers projects – and as co-author of a great number of Dusilová's songs, but also thanks to her own albums and collaboration with various local and international artists. The author's new project, "Bethlehem", mostly comprises new arrangements – or re-compositions – of traditional Christmas songs of the Czech, British, Polish, German and French provenience, but also a handful of Hlavenková's own compositions, all in the author's solo piano performance. The Christmas carols recast into new original form and combined with the author's clearly discernible style bring profound aesthetic experience.
