| HISTOIRES Original arrangements of operas for harp and piano Duo Praxedis | ARS 38546 | PC: 02L |
| | 2 CDs 2016 & 2017 | |

The album *Histoires* by the **Duo Praxedis** proves once again that the chamber music combination of harp and piano simply sounds charming and appealing, especially with the romantic repertoire you can hear on this recording. The double CD contains arrangements of unknown composers who dedicated themselves to the opera heritage of Mozart, Donizetti and others.
