Duo Praxedis	2020	

Astor Piazzolla is probably the best known composer of "Nuevo Tango" - that exciting combination of passion and melancholy, of Tango Argentino and classical music. **Duo Praxedis** also represents an "exciting combination" (quote International Piano Magazine) with its equally rare and tonally highly exciting instrumentation of harp and piano. The masculine-muscular aura of the concert grand piano in constant interplay with the feminine-sensual sound of the harp seem to be made for this music - a hitherto unheard-of tango experience, which you will not want to miss once you have heard the unique sound of Duo Praxedis!
