VIOLIN SONATAS FROM LIECHTENSTEIN Works by Rheinberger & Hanselmann Rainer Wolters – violin Jürg Hanselmann – piano	ARS38601	PC: 01Q
	1 CD	
2020		

The Liechtenstein pianist and composer **Jürg Hanselmann** is considered a profound expert on the piano and piano chamber music of his compatriot Josef Gabriel Rheinberger (1839-1901). He has already recorded his complete piano works and the two piano concertos. Together with **Rainer Wolters** on the violin, he now presents the two violin sonatas, which are complemented here by an original composition.
