Andreas Tarkmann is one of the leading arrangers of our time. He has won numerous awards and collaborated with Placido Domingo, Anna Netrebko, Albrecht Mayer and James Galway. However, he also appears as a composer, especially in the field of children's and young people's audiences. On this recording his two works for children "Zwerg Nase" and "Das kalte Herz" (The cold heart) are presented by narrator **Juri Tetzlaff** and the **Duisburger Philharmoniker** under **Christoph Breidler**.
