**Beauty Farm** is a 2014 founded vocal group focused on the Franco-Flemish polyphony of the renaissance. The international ensemble is based in the carthusian monastery at Mauerbach (Austria). The singers are members of well known ensembles like *Capilla flamenca*, *Huelgas Ensemble*, *Vox Luminis*, *Collegium Vocale Gent* and *Graindelavoix*. On two CDs, the ever-acclaimed vocal quartet presents four masses of Pierre de la Rue, all created during the composer's last creative period. Here he demonstrates his complete polyphonic skills and thus gives the melancholy an intellectual, complex nuance. The necessary lightness is provided by the voices of Bart Uvyn, Hans Jörg Mammel, Hannes Wagner and Joachim Höchbauer.
