ISTAMPITE Medieval pieces for fiddle and percussion	GCD C80701	PC: 01H
	1 CD	
Sinfonye Stevie Wishart	1996	
Re-Release		

After pionieering one of the ground-breaking ensembles of Medieval music performance in the 90's, **Sinfonye, Stevie Wishart** has in the meantime moved on to more experimental/electronic projects, which keeps her very present on stages all over the world, with deep hooks in Sydney, Brussels and London. Her interests have always been related to combining Medieval and contemporary aesthetics, which can also be appreciated in this *Istampite* recording, where she teams up with two percussionists, Jim Denley and Pedro Estevan, to support her deeply informed fiddle and hurdy-gurdy renderings of 14th-century Florentine repertoire.
