<b>THE JOMMELLI ALBUM – Arias for Alto</b>

During his lifetime, Giovanni Paisiello (1740-1816) was in fact more famous than Mozart, and his operas were veritable hits. Nowadays, it is in the hands of experts such as Florence native **Filippo Mineccia** to restore his unjustly neglected compositional output. With his fine countertenor voice, Mineccia presents a collection of outstanding opera arias in a recording which for sure will quickly deserve a prominent place in the shelves (or hard discs) of the many Italian Baroque opera lovers. Mineccia has found in the Lisbon-based ensemble **Divino Sospiro** under the direction of **Massimo Mazzeo** an exquisite support.
