Taizé LAUDAMUS TE	T 571	PC: 01Q
	1 CD	
Recorded at Taizé in the Church of Reconciliation	2017	

This CD shows how the prayer at Taizé is renewed while yet remaining constant throughout the years. Many of the songs presented here are new: written by brothers of Taizé between 2012 and 2017 they are recorded here for the first time. Others have been part of the community's prayer for a many years. A few come from a much older tradition: for example, a hymn from the German evangelical churches of the 17th century and a litany based on antiphons of the age-old tradition of the Church.
